

## 530 HP Screw Compressor Package (Standard Unit)

COMPASS MODEL NO: WK530-SGY

This Compass 530 HP standard screw compressor package has been nicknamed "The Hoover" because of its high displacement (large flows) and low inlet / discharge pressure design.

- Application:** Gas Gathering, Coal Bed Methane (CBM)
- Objective:** A large displacement, low pressure, medium horsepower screw compressor package for coal bed methane (CBM) or low pressure booster applications
- Compass Solution:** Compass standard 530 HP screw compressor package is built with an internally geared Gardner Denver SSY compressor which provides added flexibility for displacement changes. Our standard packages provide operational and maintenance flexibility along with a cost-effective, proven and quick delivery solution.

\* Sweet and sour gas units available.

### Major Equipment Specifications

**Compressor:**

Gardner Denver SSY rotary screw compressor (complete with internal gear)

**Drive:**

Waukesha H24GL natural gas engine rated 530 HP @ 1800 rpm

**Air Cooler:**

Air-X-Limited 108AEF forced draft cooler assembly

**Control Panel:**

PLC control panel, 10" colour HMI complete with accessories
